How Applying to a Senior High Service session works...

1. We need to receive your application, and your completed Covenant and Background Form (also available online).
2. We set up a time for a short phone interview
3. You need to register, or have registered for another session of camp
4. You’re placed in your session for choice based on your application date and space available.
5. Before you arrive at camp you will also need to fill out a health history, permission to administer medications, and challenge course waiver. (When you apply for a second session of camp – please copy these forms so you don’t have to fill them out twice)
