## Engraved Bricks for the Mack Plaza

Please consider having an inscription immortalized in an engraved brick surrounding the Mack Plaza outside the new dining hall at Lazy F Camp and Retreat Center. Morris and Kara Mack provided decades of service and inspiration to countless men, women, youth and children in their work with the Yakima School of Karate and the numerous affiliated dojos in the Northwest. It is also a wonderful way to show your commitment to the ministry at Lazy F Camp and Retreat Center.

Please complete this form to reserve your engraved brick that will be installed during the completion of the plaza. One or two lines is \$125. Donations of higher amounts or several bricks are greatly appreciated. Please return this form to the address above via email or mail, including payment now, or you may also pay during construction of the plaza. Please carefully and clearly print the engraving for each brick in the boxes below (one brick only per application). Where a space is desired, leave that box empty. **You are responsible for correct and readable spelling.**
